- Live Editing
- Live Direction

L.A. MARS

CORPORATE RESUMÉ

EDUCATION

Drexel University 2012-2017
B.S. in Media Production

I am grateful to have been a member of Drexel University's Custom-Designed Major within the Pennoni Honors College. After acceptance into this program, I was given the opportunity to craft my own major course program, in which I focused primarily on the managerial, technical, and creative aspects of Film, Television, and Theatre. In creating a unique curriculum, I was able to navigate a broad spectrum of ideas and course-correct where I found holes in my education. This experience combining education and employment together has made me more skilled, both as a student and as a working professional.

VOLUNTEERING

Nutley Little Theatre 2018-Present
Committee Chair

A community theatre operated in Nutley, NJ that has continually operated since 1934. I assist with both straight play and musical productions by acting as a sound technician, lighting technician, and stage manager.

Drexel Democrats 2013-2017
Event Coordinator

An extracurricular group run and populated by politically passionate students across all university disciplines. I coordinated voter registration drives, facilitated debated between members and other student political groups, and encouraged attendance to town halls.

CanTeen 2010-2012
Founding Member

A student group created and run by high school students. We raised money for multiple humanitarian causes and conducted regular community rebuilding missions. Our fundraisers included collection drives, cancer walks, and theatrical performances.
